Industry Recognition – Employers, Organizations, Sponsors

These and other local and national employers, industry organizations, and business sponsors value the knowledge and skills demonstrated by earning this certification.

Certified Industry Skills and Knowledge

This certification verifies the candidate has successfully achieved the following industry competencies:

Students will be able to evaluate what the game concept is, why it should be made, and what resources are required to make it.

Students will be able to create assets and incorporate them in a game as part of a team (game designer, programmer, project manager, art director, animation director, & audio designer).

Students will implement marketing strategies, engage in game testing, and release the game.
